

# Non-Insulated Bins

## The 2700 Series

## Monster Bins

The 2700 and 2800 Series are economical choices because the pallet bases are molded in as an integral part of the container. Both are very popular in USDA inspected plants.

### Standard Features

- Footprint- 48" length x 44" width
- Available in heights from 33" to 56" high
- Seamless, one piece construction
- Molded extra strength with proprietary resin
- Extra thick corners and base resist impact and wear
- Reinforced top edge adds strength and resists splitting
- Lighter weight, less costs and easier handling than stainless steel
- Nestable/stackable with 2-high with optional lid

Part #	Description	USG	LTR	Dimensions (inches)
