Double-Wall Insulated Bins

Small Boxes

DX310 & DXS310F

Both the DX310 and the DXS310F are double-walled with a PUR core and have a high insulation factor. These bins are most commonly used for lobster fishing, but are also suitable for a variety of other uses including fish and meat handling.

Fits two 70-litre pans and is perfect for quality onboard handling. Available with or without forklift entry.

DX310

DXS310F

Part #	Description	USG	LTR	Lbs	Kg	Outside/Inside Dimensions (in)
