Emergency Water Storage

Emergency Water Storage Tanks

Narrow Profile Storage Tanks

Utilize small spaces with the narrow profile tank. Tanks are made from NSF approved polyethylene material. Tanks are free-standing and self-supporting, and can be connected at the bottom to add capacity. Most tanks can also be modified to meet custom requirements.

USG	IG	LTR	Part #	L (in)	W (in)	H (in)	Lid/Fill Opening (in)	Fitting (in)	Weight (in)
300	250	1136	SP0300-UT-G	62	29	53	16	1-1/4	159
400	333	1514	41247	63	30	68	16	1-1/4	183

Standard Vertical Water Tanks

All tanks are rated at 10 lbs per IG; this means they are rated for water storage only. Tanks are potable water certified, and are dark-coloured to reduce any waterborne algae growth.
