Pumps & Control Systems

Firefighting Pumps & Carts

Fire Pumps

These heavy duty, high pressure centrifugal aluminum pumps provide a highly reliable, economical solution to applications where high volume, high pressure water is needed. Pumps are pre-fit with the appropriate fittings to match the hose ends. Suction hose comes with fittings and strainer attached and the 50' discharge hoses come with fittings attached and a fire hose nozzle. Larger 6 & 12 US gallon fuel tanks are also available.

PowerEase Pumps

Part #	Motor Type & HP	Max PSI/Head	Max Flow Capacity	Outlet Size (in)	Liquid Temp.	Seal Type	Housing /Impeller Type
HP-2070R	7HP 210CC PowerEase	85/197	126 GPM	2	100 F	EPDM	Aluminum
HPFK-2070R (kit w/ hose)	7HP 210CC PowerEase	85/197	126 GPM	2	100 F	EPDM	Aluminum
HP-2015R	15 HP PowerEase	145/330	140 GPM	2	100 F	EPDM	Aluminum

Honda Pumps

Part #	Motor Type & HP	Max PSI/Head	Max Flow Capacity	Outlet Size (in)	Liquid Temp.	Seal Type	Housing /Impeller Type
HP-2065HR	6.5 HP 210CC Honda GX200	85/197	126 GPM	2	100 F	EPDM	Aluminum
HPFK-2065R (kit)	6.5 HP 210CC Honda GX200	85/197	126 GPM	2	100 F	EPDM	Aluminum
HP-2015HR	11.7HP Honda GX390	145/330	140 GPM	2	100 F	EPDM	Aluminum
